#### SUGGESTED Supply list (What To Bring)

#### MONTANA BIG GAME HUNTS

1. Fleece or wool pants, both lightweight and heavy. Fleece and wool is highly recommended as they shed water and are also the quietest while hunting. Down or nylon clothing are noisy for hunting. Please, no poncho type rainwear.
2. Fleece or wool shirts and jackets, both lightweight and heavy. Warm underclothing and plenty of socks, both wool and lightweight. Gaitors are nice to have in deep snow.

3. Toilet kit and personal items. Comfortable pants, shirts and jacket for evening.

4. Cold and wet weather boots. There are a number of good boots on the market today. We have found that waterproof, insulated, Vibram soled leather boots work well and also rubber-bottomed, leather-topped, insulated pack boots with Vibram or Airbob soles. Vasque, Red Wing, LaCrosse, Timberland, Browning, Wolverine, and Herman Survivors are all good and have excellent traction, which is a must for rough country. 5. Flashlight, binoculars, match case and knife (extra batteries for flashlight).

6. Two boxes of ammo should be sufficient. (We will have you check your rifle here prior to hunting). We do not recommend bronze, silvertip or hollow point bullets.

7. A small day pack to carry camera, lunch and small items.

8. A hunter orange vest is required in Montana and must be 400 square inches. This can be a vest, shirt or jacket that you wear on the outside, above the waist. Be sure it is quiet material, it may be camo orange. If you have any trouble getting the above items, check with Cabella's or please get in touch with me and I can suggest where to buy them. Our experience in clothing and hunting gear will help you have a successful hunt!

General Information :

Rick Wemple Outfitting offers Archery and Rifle guided 'fair chase' hunts for Elk, Deer, Black Bear, Antelope, Cougar, Moose, Sheep and Mountain Goat in the Spring & Fall seasons. Some of these hunts have guaranteed license and tags available to HUNTERS if hunting with an Outfitter and applied for in advance. (March 15 for Elk and Deer, June 1 for Antelope, and 30 days prior to the opening of Bear seasons).

I offer hunts for Antelope, Mountain Lion, Mountain Goat, Moose and Bighorn Sheep if you have appropriate license and tag. These hunts are on a drawing and if unsuccessful, your deposit is transferred to another hunt. I will do all necessary paperwork, and forward the application to you for signature and appropriate funds to be mailed by deadline of the application. You may apply by the Internet also.

The beautiful Bitterroot and Sapphire Mountains with their majestic peaks are home to trophy size Big Game. Our Montana areas for hunting are in the Bitterroot and Lolo National Forests of Western Montana. Permitted on a million acres, including areas: 240, 250, 260, 261, 270 and area 700. Hotel facility's for housing are included on most hunts.

Hunting access to the Bitterroot and Lolo Forests is primary by 4 x 4 vehicle. Horses and mules may be used for game retrieval. Most hunting is done on foot. Since there are many remote road less areas available, our guides try to hunt places with little or no hunting pressure from other hunters.

Professional Guides are licensed and trained in calling, stalking, capeing,

skinning, and will get your game to a processor or cold storage.

All transportation to and from the airport is provided. All accommodations, meals, guides, 4 x 4 vehicles and equipment is provided on guided hunts. All you need is personal gear, weapon, license and tag. (For Antelope hunts, lodging is extra and you must arrive in Miles City, Montana).

We recommend you sight your rifle in at 2" high at 100 yards.

### DEPOSITS ARE NON-REFUNDABLE

\*\*If you decide to try for the drawing for Elk & Deer, and are successful, I now offer semi - guided hunts for **half price** of guided hunts.
